Westfield Massachusetts

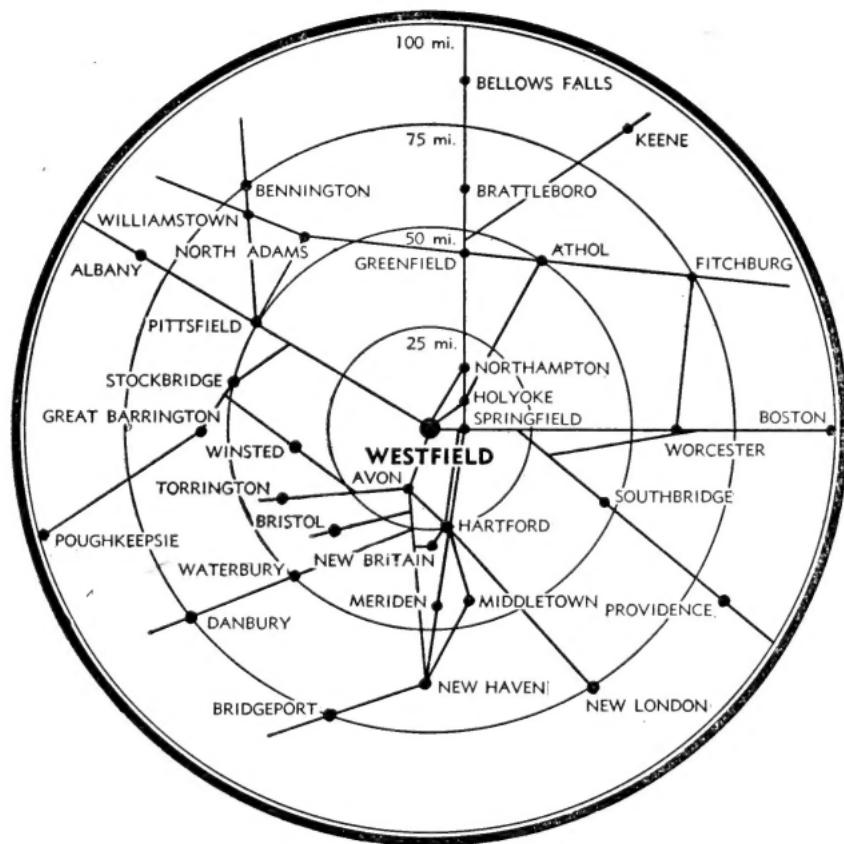

Adams Nursery, Inc.

Post Office and Nursery

WESTFIELD, MASSACHUSETTS

Phone 863

Centrally Located in New England

Our office, nursery and storehouses are located on the Springfield-Westfield road, Route No. 20, six miles from Springfield and two miles from Westfield—Busses pass the Nursery at frequent intervals

Index of Common Names will be found on Page 52.

Ninety-Seventh Year

Information

Guarantee

SIX MONTHS' GUARANTEE: We guarantee to deliver nursery stock in first class condition so that with proper aftercare losses will be reduced to a minimum. Should any stock purchased at our retail prices fail to grow within six months, unless it is from winter kill, we will resupply free of charge plus the cost of labor necessary to plant.

Should we not have the same plants in stock we reserve the right to give credit for the amount paid in other plants of your selection.

We will cheerfully resupply any plant found not true to name, or we will refund the amount paid for the same, but it is mutually understood that at no time shall we be held responsible for a greater sum than the purchase price.

Our guarantee is void on accounts not paid within thirty days after date of invoice, which is according to government credit rules.

Shipping Methods:

Shipments will be forwarded as purchasers direct, but in the absence of instructions we will use our best judgment and forward plants by shortest and safest route.

Quantity Rates:

Plants offered in this catalog will be furnished at the annexed price only when the quantity specified shall be taken. Twenty-five at the hundred rate and five at the ten rate.

Deliveries:

Due to the all-out war effort and government regulations it has become more difficult to maintain our delivery schedules. It will be necessary to eliminate all special deliveries. We will endeavor to continue retail deliveries at no additional charge within a radius of twenty-five miles when they may be incorporated on our regular delivery trips. Deliveries of full truck loads outside our twenty-five mile limit may be arranged at cost.

To Our Customers

Service Department:

We shall try and maintain service commensurate with the times, however, like every business organization we have contributed our share of personnel to the armed forces and defense industries. We find our ranks depleted to such an extent that it may be impossible to continue some of our customary services. We trust our customers will take this into consideration especially during the spring rush.

Post Office Address:

Please address all letters and communications to the Adams Nursery, Inc., Westfield, Massachusetts. Due to transportation difficulties we are discontinuing all other post office connections.

Shipping Season:

Our spring shipping season usually begins early in April and until about the first of June everything can be transplanted. Perennials and stock dug with a ball of earth can be moved at anytime during the summer. Our fall season starts with the digging of evergreens in August, followed in October by Deciduous trees and shrubs.

Terms:

We are glad to extend thirty day terms to established accounts. Also to open new accounts, via references, if order amounts to \$10 or more. On first orders, for less than \$10 please send cash. Our guarantee is void on over-due accounts.

Prices:

Prices in this book supersede all previous lists and are subject to change without notice. Except for those retail orders received from within the free delivery twenty-five mile zone, prices are F.O.B. nursery.

Evergreen Foundation Plantings

In the city where space is often limited the Evergreen foundation planting is perhaps the most important feature of the home landscape.

The proper selection of plant material will increase the property valuation and never obscure the windows or vision.

Outdoor Living Rooms

Since it is our patriotic duty to refrain from travel, our homes should provide all the necessary facilities for outdoor relaxation. Develop an Outdoor Living Room where leisure time may be spent in the fresh air and sunshine.

Privacy may easily be obtained by planting a shrub or evergreen border. Roses and perennials should be introduced as added refinement and beauty.

Landscape Department

It has been our pleasure and custom for many years to offer our patrons the service of free plans, estimates and personal advice. Many of our employees are now in defense or the armed forces. Owing to this shortage of manpower we shall be obliged to discontinue this service for the duration. We expect however to be able to complete the many orders already entered and will as far as possible take additional contracts, subject only to our ability to carry them out.

Evergreen Trimming and Spraying

To maintain health and preserve symmetry your evergreen plantings should be trimmed once a year preferably during the winter or summer months.

Spraying should be done as a preventative to avoid disease and infestation.

Our experienced men are properly equipped and at your service.

In case of any further depletion of our skilled help, this service however will have to be discontinued.

Testimonials

ADAMS NURSERY, INC.
WESTFIELD, MASS.

Gentlemen: I just wanted to tell you how pleased I was with everything you sent—everything came through just fine, and no wonder, as I have never seen any shipment packed so thoroughly.

I thought you might be interested in the way the shipment came through. I had your letter on Friday the 30th telling me you were making shipment on that day—well, Saturday at noon they were here.

Thanking you, I am
Very truly yours,

ADAMS NURSERY,
WESTFIELD, MASS.

Gentlemen: I wish to take this opportunity to personally thank you for one of the very finest shipments of Evergreens we have ever received. The plants were all excellent specimens and certainly very generous for the size specified. Also the balls were well made and arrived in excellent condition. I would appreciate your conveying our thanks to those responsible for, the excellent job done.

Sincerely yours,

Deciduous Trees

Testimonials

ADAMS NURSERY, INC.

Gentlemen:

We have completed the memorial planting for my son this afternoon.

I am glad to report that your nursery stock was excellent in every way. The plants were well selected, clean, sturdy stock, well dug and handled. I am most grateful for your attention to this order.

.....

Gentlemen:

It is a very great comfort these days to deal with a firm like yours. Your guarantee means something and I think it quite wonderful that you should send me specimens as good as if I had picked them out myself. I would like you to know I appreciate this service. Please find my check inclosed.

Potted Roses

The illustration below gives you a good idea of the quality and condition in which you will receive our Potted Roses. Just remove the paper pot by slitting down the side; plant so that the top of the earth is 4 to 6 inches below the surface, and water well. Our Potted Roses will not stop even to catch their breath before they will supply you with an abundance of bloom.

\$1.25 each.

\$14.00 per doz.

Adams Vines are Guaranteed.

Index of common names will be found on page 52.

VIOLA PURPLE HEART*Originated by Adams Nursery, Inc.**Introduced by Jackson and Perkins**Plant Patent applied for*

Huge, velvety, deep violet-purple—twice as large as any you've ever seen! On fine long stems (7 to 8 inches), from spring all through summer and fall—grow them this year!

Flowers Up to 3 In. Across

The vigorous plants do well in most any garden location, with a continuous supply of blooms. Imagine how the whole world will want these mammoth waved and frilly blooms, with their bright golden eyes and velvety sheen!

You'll want enough for plenty of cut flowers, as well as for garden display in several favorite spots. Be sure to have your plants in time.

85 cents each; 3 for \$2.25; 6 for \$4.25; 12 for \$8.00

Old Deerfield Lawnshrub Fertilizer

Analysis 5-5-5

A balanced plant food scientifically mixed for lawns, trees, shrubs and flowers. Contains soluble nitrogen and plant foods for use in early spring and then various organic fertilizers which feed the growing lawn or plants gradually and continuously throughout the summer.

Apply evenly on the lawn at the rate of five pounds per 100 square feet. Sow this fertilizer only when the grass is perfectly dry.

MAINTAIN MORALE

War puts a heavy strain on nerves and morale. If we are to back our men in the service and keep them fighting, our morale at home must be maintained. You can find relief from the cares and worries of war amid surroundings of beauty and color. In your garden of flowers you may forget your day's troubles. So when you plant fruits for your Victory Garden, plant also a few trees, shrubs and flowers to make life more bearable and maintain your morale.
